Strategic Dedicated Determined

At Lisa's Law, our philosophy is that litigation's ultimate objective is to find a solution. It is never meant to encourage litigiousness, as it can be expensive and stressful.

Our overriding mission is to resolve your disputes efficiently and cost effectively, in a way which has your best interests in mind. We always share your concerns and act with the goal of solving your problems.

Commercial Disputes

Business conflicts can be complex and costly. Our team handles breach of contract claims, shareholder disputes, partnership disagreements, and other business-related legal conflicts. We strive to resolve disputes efficiently through negotiation, mediation, and, where necessary, litigation in the courts.

Property Disputes

Property-related disagreements can be stressful and financially burdensome. We represent clients in disputes involving boundaries, rights of way, restrictive covenants, adverse possession claims, and disputes between co-owners or developers. Our expert team ensures your property interests are safeguarded.

Landlord & Tenant Disputes

We act for both landlords and tenants in residential and commercial tenancy disputes, including lease breaches, rent arrears, eviction proceedings, service charge disputes, and unlawful eviction claims. We provide pragmatic advice and, where necessary, robust representation in tribunal and court proceedings.

Unpaid debts can have a significant impact on cash flow and financial stability. We offer a comprehensive debt recovery service for businesses and individuals, including pre-action correspondence, court claims, enforcement proceedings, and statutory demands. We aim to recover debts swiftly while minimising costs.

Construction Disputes

We assist contractors, developers and property owners in resolving disputes arising from construction projects. This includes issues relating to delays, defects, payment disputes and various breaches of contract.
